ABOUT THIS REPORT

Before you rely on it

What this report is
A report drawn from one person's own Clarity record: the entries they wrote, with the dates, people and details they gave. Clarity doesn't change what they wrote.

What Clarity doesn't check
Clarity doesn't check that what an entry says is true, who was there, or that an attached file is what it says it is. Where Witness has written a summary, it describes what the entries record, from the counts in this report. It isn't an opinion on what happened.

Entries can change
The person who wrote an entry can change it later. This report shows every entry as it stood when it was made, on October 20, 2026 at 10:00 CDT. A copy made on another day may differ.

Dates
The date on each entry is the date it describes. Some entries are written down days or weeks afterwards, so the day an entry was written can be later than the date shown.

What is left out
Entries marked private are left out of this copy.
